Sub: Levying of Fixed Charge/Demand Charge from the New Connections.

Kindly refer to your letter no. 223/HC/Tariff dated 21-10-2013 vide which you have requested clarification in above subject matter. The Commission has looked into the matter and the entire record and considering the hardship faced by the consumer it would be equitable and in the interest of justice that the consumers may be given the following benefit and charged in following manner. Accordingly I have been directed by the Commission to clarify as follows:

“If the consumer connection is energized between 1st day of the month to the 15th day of the month, then full month fixed/demand charges shall be taken as specified in the tariff order, and if the consumer connection is energized between 16th day of the month to the last day of the month, then half of the monthly Fixed/Demand charges, shall be taken.”

This clarification would operate prospectively. However, no refund shall be granted to the consumer energized before the date of issue of this clarification.

Yours sincerely,
