ORDER
(Date of hearing 04.04.2018)

U.P. Power Corporation Ltd (UPPCL) has filed a Petition no.1306/2018 for approval of PPA for procurement of biomass power from Rice husk based 12.5 MW power plant situated Sahjanwa, Distt. Gorakhpur.

3. The PPA submitted before the Commission provides that the tariff for the electricity supplied shall be Rs.5.56 per unit provisionally and the final tariff shall be the L-1 tariff discovered in the ongoing bidding process for procurement of biomass energy. The bidding is scheduled to be concluded by 30 June 2018. The PPA provides that if the bidding is not concluded within the given time frame both the parties have the option to exit from the PPA or renegotiate the tariff.

4. Since UPPCL has opted for bidding for discovery of competitive tariff the Commission has no objection in approving the instant PPA on the conditions mentioned in the submitted PPA. The Petition is disposed of accordingly.
