

Uttar Pradesh Electricity Regulatory Commission

Kisan Mandi Bhavan, 2nd Floor, Gomti Nagar – 226010. Ph. 2720426 Fax 2720423

Ref: UPERC/AB/02-1848

Dated: 17.08.2006

Subject : Interpretation of Tariff Order-2004-05.

Sir,

The Commission has been receiving a number of representations/petitions from MES relating to billing for consumption of electricity of Cantonment area under LMV-IV. In this regard, the provision of Tariff Order 2004-05 of UPERC is unambiguous and very clearly place the Cantonments (mixed load) having minimum contracted load above 500kVA and receiving supply at a single point under LMV-1, Para (b)ii category. The Commission has not issued any further clarification on this issue. **All Discoms are, therefore, instructed to charge the cantonments electricity bill under LMV-1 Para (b)ii category** provided they satisfy other conditions as mentioned above.

The Commission has further noticed that certain CGRFs have quoted the instructions of UPPCL while disposing the petitions of MES in the matter of wrong application of electricity tariff. The licensees may kindly note that **Tariff Orders issued by the UPERC are the only valid documents for charging/computing electricity bills** for all categories of consumers. **Any variation from the Tariff Orders will be void-ab-initio and may invite penalties on the licensees.** Further, it may be noted that no clarification regarding interpretation of provisions of Tariff Order can be issued by any other body except the Commission.

Yours Faithfully

-sd
